**State Funding Support (\*7)**

In FY 2013-14, full-time equivalent students attending Washington community and technical colleges contributed an average of \$3,217 in operating fee revenue toward instructional costs. The state of Washington contributed an average of \$3,065 from taxes and other revenues toward the total cost of instruction, which averaged \$6,282 per year for a full-time credit load.

**Notes**

- For FY 2013-15, the legislature authorized no increase in building or operating fees but permitted increases of student services and activities fees within established maximums. For FY 2014-15 CCS student governments propose the CCS Board approve an increase of S & A Fees which would increase 15-credit tuition by about five-tenths of one percent.
- \*1 Washington residency established (FPS 01)
- \*2 Residency status is waived for refugee (FPS 23), congressional dependents (FPS 52), high school residency (FPS 20), international student exchange (FPS 38), and higher education employees (half-time or more) and their spouses and dependents living in Washington State (FPS 24). Resident tuition applies.
- \*3 Non-resident U.S. Citizen or "permanent resident" status (FPS 29).
- \*4 Non-U.S. Citizen, Washington or other U.S. address or International Student (FPS 02)
- \*5 State support and contract classes have a .3 Credit Minimum.
- \*6 Students registered in professional/technical programs which require more than 18 credits per quarter pay a discounted rate for 19 credits and above. For students with declared majors leading to an AAS degree, all credits above 18 are considered to be required courses in professional preparation and are eligible for the over-18-credit vocational waiver.
- \*7 Data provided by the State Board for Community and Technical Colleges.
- \*8 Eligible Veterans or National Guard members as defined in 28B.15.621 - 20% Waiver (FPS 70)
- \*9 Other Military or Naval Veterans not qualified as "eligible" as defined in \*4 above - 20% Waiver (FPS 71)
